STATE OF NORTH CAROLINA

BEFORE THE NORTH CAROLINA
RESPIRATORY CARE BOARD

IN THE MATTER OF: )
Jevon R. White, RCP )
License Number – 7590 )

CONSENT ORDER

I. Jurisdiction

The North Carolina Respiratory Care Board (the Board) is an occupational licensing board of the State of North Carolina, organized under the Respiratory Care Practice Act ("RCPA"), codified at N.C. Gen. Stat. § 90-646, et seq. The Board has jurisdiction over this matter under N.C. Gen. Stat. § 90-652 and 21 N.C. Administrative Code 61 .0307 in the Board’s rules.

II. Identification of Licensee

The Respiratory Care Practitioner whose license is the subject of this matter is Jevon R. White (the "RCP"). His mailing address is 8610 Royal Bluff Dr., Charlotte, NC 28269. The RCP holds North Carolina Respiratory Care License number 7590 (the "License"), first issued on March 24, 2014, with a current expiration date of March 31, 2019.

III. Waiver of Rights

I, Jevon R. White, the RCP, hereby confirm that I understand that I have each of the following rights, and as noted by my initials below, I hereby freely and knowingly waive each of these rights without further process and agree to the terms of this Consent Order regarding my License:

(Initials) JvR
The right to a hearing before the Board;

The right to present evidence to disprove all or some of the charges against me;

The right to present evidence to limit or reduce any sanction that could be imposed for a violation;

The right to confront and cross-examine witnesses and to challenge evidence presented by the Board against me;

The right to present legal arguments to the Board; and

The right to appeal from any final decision adverse to my license to practice respiratory care.
IV. Stipulation to Facts

Having waived all rights to present any evidence on this matter, the RCP stipulates with the Board to the following facts:

A) The RCP was employed and engaged in the practice of respiratory care in North Carolina and his License was subject to the Board's jurisdiction during the time period when the events described in this Consent Order occurred.

B) On July 30, 2018, the Board received a complaint regarding the conduct of the licensee while employed at Atrium Health formerly Carolinas Health System-Mercy in Charlotte, NC. The complaint stated that the RCP tested positive on the Blood Alcohol Concentration ("BAC") screen. His BAC on that date was measured at 0.135 and 0.118.

C) On August 1, 2018, the Board Investigator interviewed Tunisia Hunter RCP, Respiratory Care Manager at CMC- Mercy in Charlotte, NC. She stated that in June 2018, the hospital received an anonymous complaint on their compliance/safety hotline that the RCP had been drinking, allegedly while he was at work. Also, she stated that there had been no reports of the RCP acting intoxicated; having alcohol on his breath; slurring his words; or stumbling. She stated that it did not appear that he was under the influence of alcohol at the time. Based on the anonymous complaint, the hospital decided on Sunday, July 1, 2018, to screen him for alcohol and drugs.

D) The screens performed on Sunday, July 1, 2018 indicated that he was negative for drugs but were positive for alcohol with a Blood Alcohol Concentration ("BAC") level of .135 and 0.118. When the test results were shared with the RCP, he elected to enter the hospital's Employee Assistance Program ("EAP").

E) On August 15, 2018, the Board Investigator interviewed the RCP. The RCP stated that on the weekend of June 29, 2018, he was off work for four days to celebrate his birthday and alcoholic beverages were consumed during the birthday weekend. He stated that he was scheduled to return to work Sunday evening, July 1, 2018, and he had several beers before he laid down to get some rest before going to work.

F) During the interview with the Board Investigator, the RCP stated that he complied with the testing and was then put on administrative leave, pending the results of the screen, then elected to enroll in the hospital's EAP. He stated that he did not realize the alcohol would still be in his system when he arrived at work. He stated that he was assessed, then attended 20 hours of substance abuse counseling which ended on August 6, 2018. He stated that it was not recommended that he attend any aftercare sessions as an outpatient. He stated that the rehabilitation program gave him clarity and he learned a great deal about alcohol abuse.

G) On September 4, 2018, the RCP appeared for an interview before the Board’s Investigative Committee; and he admitted initially to drinking during his birthday celebration the prior weekend. He also admitted to drinking several glasses of vodka within 2 hours prior to his shift and admitted to drinking frequently after working his shifts. He denied being an alcoholic.
He stated that he completed EAP with no aftercare recommended by the counselor. He recognized that the BAC was past the legal limit to drive but admitted to driving himself to work on the day in question. A letter from his counselor was requested with aftercare information.

V. Stipulated Order

During an Executive Session at its regular quarterly meeting on October 11, 2018 the Board considered this matter and determined to offer a Consent Order to the RCP, on the terms set out in this document; and in a telephone call with the Executive Director on October 15, 2018, the RCP accepted each of the provisions of this Consent Order.

A. Stipulation to Violations of RCPA and Board Rules:

I, Jevon R. White, the RCP, admit that testing positive for alcohol while on shift constitutes a violation of N.C. Gen. Stat. § 90-659 (a) (1) (d) and the Board Rule set forth in 21 N.C. Admin. Code 61.0307 (10) and (14) and would provide a sufficient basis for the Board to revoke my License. Therefore, in consideration of the Board allowing me to keep my License, I freely and voluntarily agree to the following:

B. RCP’s Stipulation to Sanctions:

Under N.C. Gen. Stat. § 90-652, in lieu of proceeding to hearing, the RCP and the Board hereby enter into this consent order and agree to the following terms, and the RCP understands that each and every one of these terms is an essential provision of this Consent Order, to which he agrees:

1. The RCP agrees that he will retain the License to practice respiratory care on Probationary Status for a period of not less than 24 months from the date of his execution of this Consent Order; and as a specific condition of that Probationary Status, the RCP agrees to all of the following additional terms and limitations.

2. The RCP accepts and agrees to the assessment of a civil penalty of two hundred and fifty dollars ($250.00) pursuant to N.C. Gen. Stat. § 90-666 and 21 N.C. Admin. Code § 61.0309. The RCP shall remit this sum to the Board no later than ninety (90) days after execution of this order.

3. The RCP accepts and agrees to the assessment of hundred dollars ($100.00) in costs pursuant to N.C. Gen. Stat. § 90-666(d) and to remit this sum to the Board no later than ninety (90) days following the execution of this Consent Order.

4. The RCP agrees to seek treatment and counseling with a Board approved substance abuse counselor within 30 days of his signature of this Consent Order and to submit a copy of that Counselor’s findings and plan of treatment to the Board. The RCP also agrees to follow any Plan of Treatment suggested by the counselor to its completion and to sign a release of information form with his Counselor that allows the Counselor to provide written reports to
the Board of his sessions with his Counselor on a quarterly basis for 24 months or until the plan of treatment is completed, whichever is sooner.

5. During the entire time that the RCP holds the License on Probationary Status, the RCP agrees to permit the Board to conduct Random Drug testing of the RCP, and further agrees that the entire costs of all drug testing will be paid by the RCP. The Board will determine the laboratory where the testing would be performed and the manner in which the sample will be collected and will instruct the RCP regarding these and any other details of how any drug test should occur. The Board may, but is not required to, accept drug screens performed by other state or federal agencies or employers as proof of RCP’s ongoing compliance.

6. The RCP agrees to pay the costs of any drug screens, or treatment, or testing required under this Consent Order and agrees to assume financial responsibility for any other costs associated with fulfilling the terms of this Consent Order.

7. The RCP agrees to report any change of employment as a Respiratory Care Practitioner and any change of address in writing to the Board within five business days after any such change;

8. During the entire time that the RCP holds the License on Probationary Status, and if employed as a Respiratory Care Practitioner or in any other health care occupation, the RCP shall cause his immediate supervisor to submit written quarterly reports to the Board. Each such written report shall be submitted in a format defined by the Board and shall document the RCP’s performance in the delivery of Respiratory Care or other professional duties, and detail any concerns of the supervisor about the RCP’s Practice of Respiratory Care or other professional service on a form supplied by the Board.

9. The RCP shall report any disciplinary action taken against him in connection with his employment as a Respiratory Care Practitioner or in connection with any other employment in which he is involved in providing health care services.

10. The RCP agrees to attend one or more interviews with the Investigative Committee of the Board, the exact dates to be determined by the Board in its discretion in the future, to assess his compliance with this Consent Order.

11. The RCP acknowledges and agrees that this Consent Order and the materials compiled by the Board are matters of public record under the North Carolina Public Records Law, N.C. Gen. Stat. § 132-1 et seq.; and that the contents of this Consent Order will be reported to the appropriate entities as outlined in Board policy and as required by state and/or federal law or guidelines. Those entities include, but are not limited to, the National Databank maintained by the National Board for Respiratory Care and the Healthcare Integrity and Protection Data Bank (HIPDB) maintained by the U.S. Department of Health and Human Services.

12. The RCP agrees that if circumstances arise which affect the RCP’s ability to remain in compliance with any of the terms of this Consent Order, or to make continued progress on completing the requirements, the RCP shall immediately notify the Board in writing, fully describing the situation and providing a specific request to modify the terms of this Consent
Order for the Board's consideration. **However, the RCP acknowledges that unless and until the Board confirms such a modification IN WRITING to the RCP, no modification of this Consent Order shall be in effect.**

13. The RCP acknowledges and agrees that if he fails to comply with the terms of this Consent Order, either by completely failing to carry out one of his obligations, or failing to complete an obligation within a time specified, that will constitute a violation of 21 N.C. Admin. Code 61.0307(3), and that as a result, the Board may immediately suspend or revoke the License, or impose additional disciplinary sanctions or performance obligations on the RCP.

14. The RCP acknowledges and agrees that he must continue to comply with the Respiratory Care Practice Act and the Board’s Rules; and the RCP acknowledges that if other evidence of the RCP’s non-compliance with the Act or the Rules that is not presented in the Stipulated Facts above should arise, then the Board may invoke other disciplinary measures against the RCP, based on that other evidence; and that in determining the appropriate action to take in response to any such other evidence of the Licensee’s non-compliance with the Act or the Rules, the Board also may consider the conduct of the RCP which is presented in the Stipulated Facts in this Consent Order.

VI. **Effective Date**

All provisions of this Consent Order are effective upon the date that the Executive Director of the Board signs it, and it shall remain in effect for the period or periods specified, or until amended in writing by the Board.

The terms of this Consent Order shall remain in effect until the RCP completes each of the requirements listed above and receives written confirmation of completion from the Board.
